A NATION'S WARDS. Annual Report of the Commissioner of Pensions.

BIG INCREASE DURING THE YEAR. In That Time 138,216 Were Added to the Rolls.

The Total Number of Charges 676,100. The Number of Widows and Daughters of Revolutionary Soldiers is Down to 27—An Increase of Some \$13,000,000. Other Statistics.

WASHINGTON, Sep. 26.—The annual report of Commissioner Kaum, of the Pension Bureau, shows that on June 30, 1891, there were 676,100 pensioners borne upon the rolls of the Bureau, being 138,217 more than were carried on the rolls at the close of the last fiscal year.

They are classified as follows: Widows and daughters of Revolutionary soldiers, 53; army invalid pensioners, 113,507; army widows, minor children, etc., 108,597; navy invalid pensioners, 3,470; navy widows, minor children, etc., 2,569; survivors of the war of 1812, 7,539; survivors of the Mexican war, 14,879; widows of soldiers of the Mexican war, 6,705.

Following are the number of pensions of the several classes granted under the act of June 27, 1890: Army invalid pensioners, 97,130; army widows, minor children, etc., 12,300; navy invalid pensioners, 3,070; navy widows, minor children, etc., 1,433.

During the last fiscal year first payments were paid upon 231,160 original claims, requiring \$41,861,538 for their payment. This is an increase in the number of original payments over the year 1890 of 64,532. The aggregate cost, however, was \$1,057,362 less.

The aggregate annual value of the 676,100 pensions on the roll June 31, 1891, was \$89,217,200, the average annual value of each pension was \$139.99, and the average annual value of each pension under the act of June 27, 1890, was \$121.51.

The total amount disbursed on account of pensions, expenses, etc., during the fiscal year was \$135,345,939.71, as compared with \$105,408,500.10 disbursed during the preceding fiscal year. It appears that 138,216 pensioners were added to the rolls during the fiscal year just closed, at an increased cost to the nation of \$12,053,009 as compared with the expenditures of the previous fiscal year, and said expenditures include \$4,367,347 paid upon vouchers remaining unpaid at the close of the year.

Pensions were granted each of the last four years as follows: 1888, 128,473; 1889, 145,308; 1890, 151,638; 1891, 235,565.

SEVENTH DAY ADVENTISTS. First Annual Convention of the Atlantic Conference at Mount Holly.

MOUNT HOLLY, N. J., Sep. 26.—The first annual camp meeting of the Atlantic Conference of Seventh-Day Adventists is in session here. One of the striking things about this meeting is that none of the sect pretends to know the day and hour of the second coming of Christ.

There are eight churches in the Atlantic Conference and 400 and odd members. Two hundred are attending the camp meeting and getting up at 5:30 o'clock in the morning to hear about the four-and-twenty elders and the seven vials of wrath and the time, times and a half time, all of which are made plain as print by the speakers.

There are two big tents on the grounds for the meeting, fifty horse tents, a restaurant tent, a kitchen tent and a grocery and bookstore tent. There are three preaching services every day, to say nothing of prayer-meetings and business meetings.

Believed the Kaiser Lied. LONDON, Sep. 26.—A Berlin dispatch says that the story of the Kaiser's declaration of peace, during the Austrian maneuvers, is believed to be a fabrication, inspired by the Government, if not directly by the Kaiser, who is said to be affected by the adverse criticism which the warlike tone of his public utterance has evoked throughout Europe.
